

India's leader  
in electro-medical devices

**MDE**  
MEDICAL DEVELOPMENT & ENGINEERING

# Tornado 1

State-of-the-art High  
Speed Neuro Burr System

High Speed Motor:  
Upto **80,000** RPM

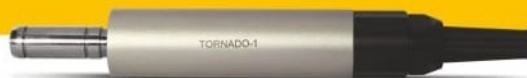

**Peerless Precision**

**Trusted Performance**

**Ideal for Neuro  
and Spinal Surgeries**

# Tornado 1: The surgeon's best friend

Tornado 1 is a high-precision, high-speed neuro burr system designed to help surgeons operate with greater efficiency and accuracy. Developed by India's trusted Medical Development & Engineering (MDE), Tornado 1 delivers unmatched performance and reliability at par with the best in the world.

## Control Unit

High Speed Motor:  
Upto 80,000 RPM for  
greater power

Easy-to-use  
Touch Screen Controls

Lowest Shut Off Time  
for enhanced safety  
(Max RPM to Stand Still)

Performance  
you can trust:  
No excessive heat,  
vibration and noise

## Foot Switch

Best-in-class Analog Variable  
Foot Switch for increased precision

## Straight and Angled Hand-pieces

Ergonomically designed & light weight for superior control

## Cutters & Burrs

Wide range of cutters and burrs for easy compatibility
